Form 990

The Form 990 is an information return that Internal Revenue Code (IRC) Section 501(c)(3) organizations are generally required to file with the Internal Revenue Service on an annual basis. Such returns must also be made available to the public upon request.

IRC Section 115 organizations are not required to file a Form 990. The University is both an IRC Section 115 and IRC Section 501(c)(3) organization. By law, the University is not required to file a Form 990. Therefore, we are unable to provide a Form 990 to those individuals or agencies that request it. Questions regarding the University's filing requirements can be addressed to Tax Services.
